APPROVAL OF STATE ENGINEER

"This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that no right is given under this permit to maintain the water level in permittee's well at any level higher than that necessary for a reasonable pumping lift. A substantial weir or other type of measuring device must be installed and maintained to facilitate the measurement of water. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.50 cubic feet per second.

Actual construction work shall begin on or before June 28, 1949

Proof of commencement of work shall be filed before July 28, 1949

Work must be prosecuted with reasonable diligence and be completed on or before June 28, 1950

Proof of completion of work shall be filed before July 28, 1950

Application of water to beneficial use shall be made on or before June 28, 1951. Proof of the application of water to beneficial use must be filed with State Engineer on or before July 28, 1951
